

Ever been angry at your boss?
Fed up of being treated unfairly?
Ready to resist the worthlessness
of work?

We are workers who join
together and fight back against
zero hours, zero rights,
and zero respect in the
workplace.

We are Better Than Zero.

Wages. Tips. Holidays. Workload.
Ever wish your boss could be held
to account? Want to know what
your rights are at work?

On your own, you are at
the mercy of your boss.
Let's see how they like it when we turn
the tables on them.

Get involved.
